

WARRANTY

TRYING IS BELIEVING

Kids, pets, winter boots, no matter what life throws at it, a carpet made with Tryesse fibre will be able to withstand the rigours of everyday life.

We have conducted independent laboratory testing on a wide range of scenarios from wear and tear to staining to heavy soiling and at every turn, carpets made with Tryesse fibre emerged unscathed. That is why all carpets crafted with Tryesse fibre come with a comprehensive warranty system.

Go ahead and try it!

Beaulieu leads the way in innovative wall to wall carpet solutions with Tryesse.

This unique fibre boasts a host of built-in benefits including incredible softness, exceptional durability, and unrivaled stain resistance that will never wear off or wash off even after years of use. It does all this without the use of unnecessary topical chemicals for a cleaner and more environmentally friendly indoor environment.

See why with Tryesse fibre, trying is believing.

SOFT

So soft you have to try it to believe it. Carpets made with Tryesse fibre feel soft due to the fine denier of the fibre.

Think of it like baby hair compared to coarse hair. And even though it has an exceptionally soft hand, Tryesse fibre is incredibly tough. Independent laboratory tests simulating wear and tear on carpets made of Tryesse fibre, shows that they retain their original appearance after 4000 simulated foot traffics and maintain a very good appearance after 12000!

We are so confident with the durability of Tryesse fibre that it comes backed with Comprehensive Wear and Texture Retention Warranties (see warranty details for more information).

ODOUR NEUTRALIZER

Breathe the benefits of Magic Fresh™! Tryesse carpets also feature Magic Fresh™, the breakthrough carpet treatment that reduces common household odours from pets, food and cigarette smoke.

Magic Fresh™ is a self-renewing formula that is applied directly to the carpet fibre during the manufacturing process and leaves your living space fresh and clean!

Unlike other treatments in the market which may be removed after the carpet is steam cleaned, Magic Fresh™ is self-renewing and is effective for the life of the carpet. It will withstand numerous cleanings, and excessive abrasion while still maintaining its odour destroying abilities.

SUSTAINABLE

It's easy being green
Carpet crafted with Tryesse fibre is produced using 100% hydroelectric energy. Hydropower comes from the force of moving water and is a clean, renewable and ecologically-friendly source of energy. Hydroelectricity does not burn fuel which promotes cleaner air, while reducing our carbon footprint.

All the products created with Tryesse fibre have been tested and meet or exceed the stringent air quality criteria of the Carpet and Rug Institute. Look for the Green Label or Green Label Plus logo on any carpet manufactured with Tryesse fibre.

EVERLASTING COLOUR

For everlasting colour
Colour that's "locked-in" through and through for unrivaled performance.

Tryesse fibre is a proprietary solution-dyed synthetic fibre, meaning the fibre has colour all the way through. Because Tryesse fibre is solution dyed, it significantly reduces the water, chemicals, and energy required in the normal process of dyeing carpet. This energy reduction represents approximately one gallon of gasoline saved per every seven square yards of carpet.

Stands up to heavy-duty cleansers.

Because of the powerful fade resistant properties of Tryesse fibre, it easily stands up to regular, heavy-duty cleanings. It can even be cleaned with a diluted solution of bleach and water. Bleach or other harsh cleaners cannot be used on regular stain treated nylon because it will remove the color from the carpet. (Make sure you remove all bleach residue and avoid tracking bleach onto other carpets or floor surfaces.)

STAINPROOF

Lifetime stain warranty
Hardest to stain. Easiest to clean.

Tryesse fibre is naturally stain resistant to all water soluble or acid-based stains. Hard-to-clean stains like lipstick, ink, mustard, and red wine are no problem for carpets made with Tryesse fibre. This stain-resistant property is permanent and will not wear off or wash off with repeated cleanings.

Guaranteed stain removal.

Should your carpet ever get stained, we will replace the affected area at no charge, if that stain cannot be removed. See our warranty guide for complete details.
